What is it like to serve on the Leadership Council of Unity Church of Overland Park?

The following are the comments of current and former members of the Leadership Council compiled so that those considering serving in this way might better understand the process, commitment, and consciousness found in this opportunity to serve Spirit.

In the words of those who have served:

- It is most crucial that applicants understand that they will be making a commitment to service as a council member, and that council duty overrides any other commitments except emergency issues. In actual service on the council, we are called to a much higher level of service and as such we must be willing to be changed at depth if our energy and service is to raise the consciousness of the church.
- Serving on the leadership council of Unity Church of Overland Park is the most spiritually uplifting experience I have ever had. As a member of the council, you are

surrounded by other members that share common value in the church's success as a Spiritual home and a beacon for the community.

- Through prayer, we act as visionaries in this ministry. We do not meddle in the day-to-day operations of the church. We support the work of the ministers and staff.
- Serving on the council offers one the opportunity to be in service by listening for the collective consciousness of our church community. It is very much about being open to what God has in store for us by being centered in prayer.
- Our diversity is an asset – our varied styles and different perspectives seem to allow for a healthy examination and discussion of topics at hand.
- When you step into service on the council, you ... have to leave behind your role as an individual member of the church. We are called upon to serve the highest good of the entire community rather than fulfilling our own personal wishes and desires. The irony in this is that when we do put aside our own personal agendas for the good of the collective, we grow as individuals as well. So, although it may look on the outside like we are giving something up, we are in actuality gaining so much more.
- In those few times that we can't reach immediate agreement on which way to go, we stop and remember to allow God room to work. We take the issue into prayer and our prayers are always answered.
- Being in service on the council has been a graduate level course in practical Christianity for me!
- You get so much more than you give.
- I think the biggest surprise for me is the feeling I get when I leave the meetings. I can come in wiped out from the day and leave feeling rejuvenated.
- Being a member of UCOP council is at once exhilarating and humbling. Working and playing beside others who are totally committed to the betterment of our church and service to others is the finest and most rewarding experience of my life.
- I have learned to be ready to rise to any occasion, listen intently, allow Spirit to guide my actions and thoughts and place my needs and desires outside the process of serving the church yet knowing my needs and desires are being met more fully than ever.

When asked this question, "What would you say to someone feeling the call, but who is afraid they are not yet ready or don't 'have what it takes'?", council members shared this:

- The call is all that matters. Spirit has a way of bringing out the skills, attitude, love, caring and comprehension needed to fulfill this joyous service.

- I was that person a year ago. I received the call from God and said, "Who, me?" The people I trusted with this told me the same thing I said before, "God will not give you something you cannot handle". The beautiful people on the council have welcomed me with open arms. They knew that it was not an accident that I was there. Trust God!
